Thoughtful Gift Planner

Choose one gift around the child, the caregiver and the space available.

01 Ask before you browse

Child / occasion

Needed by

What do they choose to do repeatedly?

Similar things already owned

Anything the caregiver would avoid?

02 Choose one option and explain the fit

My gift idea

Why it fits / where it will be kept

03 Check the whole cost and practical details

Item + needed supplies (\$)

Delivery + tax (\$)

Total / budget (\$)

☐ Age label and instructions checked

☐ Delivery / return terms checked

For an experience gift, agree on timing and extra costs first. If the fit is unclear, ask for a specific suggestion. You do not need extra items to make a thoughtful gift feel bigger.
